- This promotion is valid for all orders placed from June 13th, 2011, through July 15th, 2011, subject to our standard terms and conditions of sale. We do reserve the right to limit quantities ordered to quantities that reflect an account's normal purchase pattern and volume.
- Accounts must be current in order to benefit from the **Sensational Summer Savings** promo.

- For our “flat glass buffs”, we are pleased to offer an opportunity to save money through our annual Flat Glass Remnant Sale. This promotion is strictly for partial rolls that we have in stock. For these latter items, a 10% discount will apply, and there will be no up-charge. Available products are offered on a first come, first served basis. This promotion will run from June 13th, 2011, through Friday, June 24th, 2011.
- More savings are available through special net pricing that is being offered on popular tool and accessory items. Please see the attached flyer for complete details. This promotion runs from June 13th, 2011, through July 15th, 2011.

As a part of our **Sensational Summer Savings** promotion, we will also be having a contest. The winner will represent our Canadian Dealers at the upcoming International Window Film Expo to be held in Memphis, Tennessee from September 15th to 16th. The winner will be entered in the Tint-Off event, where the grand prize is \$10,000 cash. Here are the parameters of the contest:

- The winner will be determined through a random draw to take place on Wednesday, July 20th, 2011.
- The winner will receive economy airfare from their place of residence to Memphis from September 15th to 16th, plus hotel accommodations.
- There is no cash value associated with the prize to be awarded to the contest winner.
- The winner agrees to participate in any publicity or related items associated with winning, and this will be done on a voluntary basis.
- Potential contestants will receive one (1) entry for each \$2,000 net window film purchases made between June 13th, 2011, and July 15th, 2011.
- It is recognized that not all purchasers will necessarily be interested in competing in the IWFA Tint-Off. On this basis, the onus will be on interested installers to request a ballot for the draw, based on \$2,000 net incremental purchase amounts during the promotional period.
- Requests for ballots are to be sent by e-mail to admin@ener-gard.com. Please make sure to reference or include a copy of the applicable invoice(s) so the appropriate number of ballots can be determined.
