

AUTOMOTIVE INSTALLATION CLINIC INFORMATION

Our next automotive installation clinic is scheduled for Saturday, April 23rd, in Newmarket. The pertinent information is as follows:

- ◆ Date: Saturday, April 23rd, 2005
- ◆ Time: 9 am - 5 pm, Registration 8:30 am
- ◆ Location: The Detailing Shop
200 Mulock Drive, Unit 13
Newmarket, ON
(905) 853-3113

Directions: From highway 400 take highway 9 east into Newmarket. At Yonge street, turn right (south), and stay in the left hand lane. At Mulock, turn left (east), to The Detailing Shop (right hand side).

This one day session is excellent for both novice and experienced installers. The clinic will cover everything from basic installation techniques through to such advanced items as dry and wet heat shrinking. The class size is limited, and this will give each attendee the opportunity for a good deal of "hands-on" experience. Each attendee must have their own set of installation tools. A starter kit is available, and you should contact us if this is required.

The registration form is attached. Prepayment is required to reserve your spot. Space is limited-act now!
